PROFILE

I am a Software Engineer and Web Developer with knowledge of Python, Flask, JavaScript, Node.js, React, C programming, HTML, CSS, and Bootstrap. Also a passionate and skilled technical writer with a commitment to crafting compelling narratives. I currently write on several platforms, including my website and Medium. I'm eager to contribute to organizational goals and expand my skill set through collaboration.

WORK EXPERIENCE

- Graceland Primary and Secondary School 2020- 2021
English Teacher
 - Participated in on-campus activities to support students outside of classroom.
 - Built life-long learning skills and strong study habits in students to help each prepare for higher-level education.
 - Cultivated collaborative and innovative learning environment to meet each student's unique educational needs.
- Elite Pen College (NYSC) 2023-2024
English and Literature Teacher
 - Developed and implemented engaging lesson plans that cater to diverse learning styles and abilities.
 - Assisted in managing the the school's academic programs, ensuring smooth and efficient processes.
 - Oversaw the organization and admission process, helping to evaluate and select prospective students based on set criteria.
- Medium 2024-PRESENT
Technical Writer
 - Write and publish insight articles on medium, covering a range of topics including technology, software engineering, and personal development.
 - Produce clear, concise, and informative technical articles that demystify complex topics for readers of all levels.
 - Combine technical knowledge with storytelling skills to create engaging content that educates and informs.
